

THIRD ANNOUNCEMENT

EUROPEAN REGIONAL EXPERT MEETING ON THE PREVENTION AND MANAGEMENT OF FRAGILITY FRACTURES

24-25th October 2020

Dear Colleagues,

As previously notified, this will be a virtual meeting, in which we will discuss how best to rise to the challenge of fragility fractures in Europe, building on the four pillars of our Call to Action:

- multidisciplinary co-management of the acute fracture episode, especially hip fractures
- excellent rehabilitation to restore maximum function and quality of life
- secondary prevention after every fragility fracture, addressing both osteoporosis and falls
- multidisciplinary national alliances that can achieve necessary changes in healthcare policy

The meeting will be hosted using a state-of-the-art virtual meeting platform to deliver engaging, interactive and informative presentations, workshops and poster exhibitions, as well as industry-sponsored exhibition booths and satellite symposia, and networking opportunities throughout.

You can find more information about the meeting at https://ffngr.eu/en/southern-europe-regional-expert-meeting-of-fragility-fracture-network/

Registration

Registration is free and includes automatic membership of the global FFN, which is also free and carries no obligations. This will give you access to the resources of the Members' Area of http://www.fragilityfracturenetwork.org and result in you receiving newsletters and other communications from FFN, but from nobody else.

Please register your intention to attend this meeting at https://ffnregionalmeetings.online-event.co/registration/scimentum-fragility-fracture-network-3, where you will create a password to gain entry to the meeting. All speakers and chairpersons must also register.

Meeting structure

There will be 4 plenary sessions and 9 breakouts in this meeting. All presentations will be pre-recorded, followed by a live Q & A Session, which will be guided by the session's chairs. Apart from Q & A Sessions, there will be other excellent networking opportunities, where colleagues can connect and share opinions and practices in small groups. Anybody who is interested in scheduling a networking meeting in advance should send an email to REMAthens2020@ff-network.org.
